Install

Get the apps

OneNote
Organize your notes and share them.

OneDrive for Business
Store, view, edit, and share your documents.

Step 5: After selecting 64-bit or 32-bit option, click the Install Button

The screenshot shows the Microsoft Office installation wizard. On the left, there is a navigation pane with a back arrow icon, and the following options: Software, Office (selected), and Phone & tablet. The main content area is titled 'Office' and includes the text 'Install the latest version of Office'. Below this, it states 'This will install the following apps on your computer: Word, Excel, PowerPoint, OneNote, Access, Publisher, Outlook, Lync, InfoPath, OneDrive for Business'. A row of icons represents these applications: Word, Excel, PowerPoint, OneNote, Access, Publisher, Outlook, Lync, InfoPath, and OneDrive for Business. Below the icons, there are two dropdown menus: 'Language:' set to 'English (United States)' and 'Version: Which version is right for me?' set to '64-bit'. A note below the dropdowns reads: 'Note: Installing additional languages on a computer that already has this version of Office doesn't count against your install limit (5)'. There are two links: 'Review system requirements' and 'Troubleshoot installation'. The 'Install' button is highlighted with a red rectangular box. At the bottom, there are two promotional cards: 'OneNote: Organize your notes and share them.' and 'OneDrive for Business: Store, view, edit, and share your...'

Step 6: It takes few minutes after that it will be ready to use
